Coal for Dewey's Fleet.  
PHILADELPHIA, June 27.—The British  
ships Gloucester, Capt. Spicer, and East  
Lothian, Capt. McFarlane, sailed from  
this port Saturday for Manila, with  
nearly 8,000 tons of coal for Adm. De-  
wey's fleet. The two cargoes are valued  
at about \$17,000, but the freight re-  
ceived by the two ships will be more  
than double this sum. The two cap-  
tains will do all in their power to get  
to Manila in the shortest possible  
time.

Attempt to Poison the Carr and Corina.

LONDON, June 27.—A special dispatch  
received here from Vienna Saturday  
afternoon says it is reported there that  
the Count and Countess Znanoff, said  
to be, respectively, chamberlain of the  
emperor and the lady in waiting on the  
carrage, have been arrested and  
charged with an attempt to poison  
their majesties.

Prize Captured by the Vicksburg.

Key West, Fla., June 27.—Another  
prize, the Anapala, of Honduras, was  
brought in here Saturday morning,  
having been captured by the Vicks-  
burg.

Off to JARUA, via Kingston, Jama-

ica, June 27.—Troops of the United  
States and Spain are almost face to  
face and less than four miles apart.

Tonight the picket lines at certain  
points are within hailing distance of  
the enemy. It seems certain that the  
battle of Santiago must come within a  
week.

The troops are all ashore here and at  
Baiquiri with the exception of a few  
scattered companies that have gone  
forward. The supplies are sufficient  
to enable the army to sustain a week's  
campaign at both landing points.

There is a continual procession of  
small boats riding out to the beach  
through the pounding surf and, as one  
week's rations are already landed, it is  
believed the required supplies will all  
be ashore by Tuesday, the 28th.

The landing of troops, horses and  
supplies has been extraordinary. With  
only one steam barge and compelled to  
depend on treacherous small boats,  
Gen. Shafter had landed over 10,000  
men, hundreds of horses and mules  
and thousands of dollars' worth of  
supplies on the exposed beaches and  
only two men have lost their lives.

No more than 50 animals have been  
drowned and scarcely a package of  
supplies has been lost.

The officers generally are surprised  
at the small loss of life and property.  
Gen. Shafter said Saturday:

"I am well satisfied with the progress  
that is being made. The disembarkation  
is slow, but considering the  
limited facilities and the exposed na-  
ture of the landing places, the men  
have done well. I only await the  
landing of sufficient supplies to  
begin the movement on Santiago. I  
am unable to say when it will take  
place. I am much pleased at the  
pilot conduct of our men. In the action  
at Sevilla yesterday and with their  
cool and veteran-like work. The victory  
was complete."

Gen. Wheeler in his official report  
places the number of dead in the en-  
gagement at Sevilla at 22 and the  
wounded as between 70 and 80. No at-  
tempt has yet been made to prepare  
an official list with the names of the  
dead and wounded. The high grass  
and bushes of the battle ground make  
it difficult to find the bodies but an of-  
ficial list will probably be prepared by  
Monday.

The bodies of 30 Spaniards have  
been found and the Spanish loss in  
killed and wounded was doubtless

much heavier than the American.

The majority of the American troops  
are now here or at the front in the  
vicinity of Sevilla. The force at the  
latter place, which is about nine miles  
from Santiago, numbers 6,000  
Americans and 1,500 Cubans. Gen.  
Wheeler will remain at Sevilla, which  
will be made a rendezvous for the  
troops landing at Baiquiri, and at this  
point the artillery and cavalry being  
put forward from Baiquiri. The cav-  
alry have been sent ahead to cut a  
wagon road through the underbrush.

From the American position at Se-  
villa, Santiago is plainly visible and  
the fortifications can be seen. The  
following reports to Gen. Shafter from  
generals at the front show the condi-  
tions:

To Gen. Shafter: "I have just seen  
two Negro boys who left Santiago this  
morning (Saturday). They report that  
the soldiers and citizens are very short  
of food. The soldiers and officers have  
seized all the food in the shops. They  
are killing young horses for food and  
in the hospitals are subsisting on  
bread made of rice flour."

"Three Spanish generals took part in  
the fight at Sevilla yesterday. Five  
wagon loads of wounded were carried  
into Santiago, and many others wound-  
ed got there on horses or afoot. We  
can see Morro castle and the flag very  
distinctly from our position. The  
Cubans confirm the reports as to the  
fine character of the fortifications  
around the city. Seven lines of barbed  
wire are stretched around the trenches.  
The Spaniards have recently dug deep  
trenches around the entire city, con-  
necting a series of small forts."

"We can plainly see Santiago less  
than seven miles away. The country  
is level for six miles this side of the  
city, except for hills on the south,  
which extend to within a mile of San-  
tiago. These hills appear deserted.  
The country is fairly open and it will  
not be difficult to move troops over it.  
Gen. Chaffee occupies Sevilla to-day."

"Yorba."

Father and Son Drowned.

St. Louis, June 27.—Dr. Louis Jacob  
and his son Daniel, 18 years old, both  
dentists of this city, were drowned  
Sunday at Greve, near Lake Erie, by the  
overturning of their boat. Two other  
men who were rescued had a narrow  
escape from death.

Prize Captured by the Vicksburg.

Key West, Fla., June 27.—Another  
prize, the Anapala, of Honduras, was  
brought in here Saturday morning,  
having been captured by the Vicks-  
burg.

Louisville, Ky., June 27.—William  
Penley, individual head-per of the  
Citizens' National bank of this city,  
was accidentally shot in the breast by  
a companion Sunday afternoon and  
will die. Mr. Penley is 35 years old.

CABINET MEETING.

The Administration satisfied that Ger-  
many has no intention to interfere  
in Our Affairs at Manila.

WASHINGTON, June 25.—The only im-  
portant development at Friday's cab-  
inet meeting was the positive settle-  
ment of the question of the attitude of  
Germany with respect to the Philip-  
pines. The secretary of state has re-  
ceived assurances which settle beyond  
question all doubts on this point.

The statement coming from high of-  
ficial sources is accepted by this gov-  
ernment in perfect good faith and is  
regarded as final and conclusive. No  
further attention will be paid by this  
government to any reports to the con-  
trary, which are constantly being sent  
out, it is believed, in the interests of  
Spain.

Steamer transfer No. 1, which was  
reportedly wrecked a few  
days ago, has safely arrived at Van-  
couver from Alaska, where she car-  
ried a large batch of cattle. She re-  
ports that there are about 1,000 head of  
cattle and a large number of horses  
at Tyndah harbor, destined for the  
Klondike.

Reports from Manila say a special  
dispatch from Shanghai indicate the  
existence of fears that Senora Augusti,  
wife of Capt. Gen. Augusti, and chil-  
dren have been massacred by the rebels  
on the Bulacan.

MAJ. G. C. REID,  
(Adjutant and Inspector U. S. Marine  
Corps.)

Going to Cuba as Nurses.

TAMPA, Fla., June 27.—Miss Annie  
Wheeler, Mrs. Maud Kinsman Babcock  
and Mrs. Liscomb, wife of Lieut. Col.  
Liscomb, of the 24th artillery, will  
leave here Tuesday night for Key  
West. From there they will go to the  
Cuban battle fields in the capacity of  
nurses. Miss Wheeler is a daughter of  
Gen. Wheeler and Mrs. Babcock's hus-  
band is a sergeant in the 71st New  
York.

Lieut. Ames to Be Court-Martialed.

WASHINGTON, June 27.—First Lieut.  
Charles G. Ames, of the 7th Ohio reg-  
iment at Camp Alger, will be court-  
martialed within a few
